IX. Faculty Evaluation Checklist

Faculty evaluators complete this checklist for every student/team before, during and after the evaluation slot. Tick the checkbox column, and use the remarks column to note evidence, exceptions or follow-up actions.

University		**Case Study ID**	
Student / Team		**Evaluator Name**	

A. Before Evaluation

✓	Checklist Item	Remarks / Evidence
☐	Approved synopsis is on file and matches the submitted project scope.	
☐	Complete submission package received in the prescribed folder structure and naming convention.	
☐	Source code/notebooks run without errors in a clean environment.	
☐	Pre-trained model, RAG pipeline and/or AI-agent configuration details are documented.	
☐	Signed academic-integrity and AI-tool usage declarations are included.	
☐	Evaluation slot (30 minutes) and all evaluators for the panel are confirmed.	

B. During Evaluation

✓	Checklist Item	Remarks / Evidence
☐	Presentation covered problem, approach, architecture, results, Responsible AI and limitations (10 min).	
☐	Working demonstration ran end-to-end on the submitted version with grounded outputs (10 min).	
☐	Technical Q&A addressed ownership, design choices, metrics and limitations; every team member responded (8 min).	
☐	Fallback video used only if the live demonstration failed.	
☐	Criterion-level scores recorded on the evaluation workbook for all 12 criteria.	

C. After Evaluation

✓	Checklist Item	Remarks / Evidence
☐	Criterion-level scores reconcile to the 100-mark total.	
☐	Evidence-based remarks recorded for every criterion.	
☐	Evaluator sign-off completed on the score sheet.	
☐	Scores transferred to UniversityName_AIML_FinalScores.xlsx.	
☐	Supporting evidence (code, logs, report, video) attached or linked for the submission.	
☐	Any post-evaluation correction logged with reason, approver and date.	
☐	Submission flagged for TTL validation if integrity concerns or missing artifacts were observed.
